PROJECTS

Stock Market Trading Simulation
- Applied technical analysis methodologies, including Bollinger Bands and Mean Reversion, to simulate stock trading and identify 10 stocks for investment opportunities.
- Utilized Python programming and interfaced with JSON API to extract real-time stock market data for analysis.
- Demonstrated strong analytical skills, problem-solving abilities, attention to detail, and effective communication in project execution eliminating manual input and reducing errors.

Data Visualization with Tableau
- Executed data extraction, transformation, and loading processes to generate robust dataset comprising 650 rows from online Pro Football References and Rotowrite, ensuring data integrity and cleanliness for analysis on Tableau.
- Developed interactive dashboards highlighting correlations between injuries and team performance.
- Demonstrated proficiency in data extraction, cleaning, and visualization techniques, coupled with strong analytical skills resulting in me receiving an A grade on the project.

WORK EXPERIENCE

Northrop Grumman Logan, UT
Associate Configuration Analyst Jan 2025 – Present
- Organize and run board meetings
- Process Change requests for engineers to move them through the change process
- Utilize Agile methodologies to keep change requests moving on time and orderly

Logan High School Logan, UT
Sweeper Sept 2021 – Jan 2025
- Collaborated within a janitorial team to ensure cleanliness and hygiene standards in a high school setting.
- Demonstrated self-motivation and autonomy in completing individual tasks, including cleaning nine classrooms independently.
- Exhibited adaptability by seamlessly transitioning between team-based and individual responsibilities as per operational requirements.

Mountain West Pest Control Salt Lake City, UT
Route Manager May – Aug 2021
- Achieved individual sales targets and contributed to team success within the company, operating autonomously to generate leads and close deals.
- Conducted door-to-door canvassing, engaging with 40 potential customers daily and successfully completing 100 sales over three months, exceeding $45,000 in revenue for the year.
- Managed the entire sales cycle, from lead generation to post-sale follow-up, ensuring customer satisfaction and retention while exceeding team quotas and goals.

VOLUNTEER / LEADERSHIP

Full-Time Volunteer Billings, MT
Volunteer Group Leader Aug 2017 – Aug 2019
- Led a team of 14 volunteers within a church service group, surpassing key performance indicators (KPIs) through effective mentoring and monitoring of individual performance.

- Implemented innovative tactics and strategies resulting in the group's recognition as high performers, with tactics adopted organization-wide, contributing to expanded success.
- Mentored and coached volunteers to foster personal and professional growth, ensuring alignment with organizational objectives and enhancing team cohesion.
